GSL ENERGY, a leading LiFePO₄ battery manufacturer and factory in China, presents the 20kWh 51.2V 400Ah Rolling Lithium Battery, designed for home and small commercial energy storage systems.

For IPPs and utilities, Qstor? BESS is a powerful asset for enhancing grid services and unlocking new revenue streams. The solution encompasses not just the core technology, but proven expertise in

The integrator selected lithium-ion batteries to address the utility's requirement for a higher-capacity battery module but needed a fast-acting fuse with a higher short-circuit current rating to protect it.

Discover long-lasting lithium forklift batteries built for performance, safety, and sustainability. Lower costs, zero maintenance, and up to 3x longer life than lead-acid.

Las baterías de litio BSLBATT® son una solución sencilla, pero es importante comprender cómo seleccionar correctamente las especificaciones de la batería de litio de reemplazo.

Connect several battery racks in parallel and avoid overcurrents thanks to our Application bundles that secure and protect DC combiners making the whole battery system highly reliable.

As technology evolves, the world of forklifts is also witnessing a shift from traditional lead-acid batteries to lithium-ion batteries. These newer forklift batteries offer longer lifespans, reduced maintenance,

As a leading manufacturer and supplier of lithium batteries, BSLBATT has consistently been at the forefront of the transition to renewable energy. Over the past years, we've delivered high

Las baterías de sistemas de almacenamiento de energía (BESS) son cruciales para las energías
